EDUCATION

Sreenidhi Institute of Science and Technology

Bachelor of Technology — Electronics and Computer Engineering — CGPA: 8.7

Hyderabad, Telangana

Nov 2022 – Apr 2026

Narayana Junior College

Intermediate (MPC) — Score: 96%

Hyderabad, Telangana

2020 – 2022

EXPERIENCE

AI Research Intern

Alpes AI

March 2025 – September 2025

Hyderabad, India

- Contributed to a semantic search system for 2,000+ legal documents.
- Contributed to a video frame similarity project using the KE SIEVE algorithm.

PROJECTS

Leetcode Assistant | *React.js, Flask, MongoDB, JWT Auth, Docker, GraphQL*

[link](#)

- Built a Flask-based REST API that wraps LeetCode's internal GraphQL endpoints to provide simpler data access for the frontend .
- Full-stack website that identifies MNC'S-specific questions and simplifies progress tracking and revision.
- Deployed and self-hosted the application on a Linux VM, managing the server setup and application runtime manually.

SHESAFE: AI Driven Surveillance System | *Python (OpenCV,SMTP), KNN, MoViNet*

[link](#)

- Constructed a video anomaly detection system using deep learning to identify incidents like abuse,kidnap, achieving 90% accuracy using CNN and movinet.
- Implemented K-Nearest Neighbors algorithm for safe route optimization using crowd-sourced crime data, reducing high-crime area exposure.

Multi Agent Collaborative System | *Python, Langgraph, PostgreSQL,*

[link](#)

- Designed and implemented a multi-agent capital evaluation system using LangGraph to coordinate Scout-Contrarian-Judge agents with shared state and conditional decision workflows.
- Built a risk-adjusted financial scoring engine integrating deterministic analytics with LLM-based reasoning, backed by PostgreSQL persistence and concurrency-safe processing.

SKILLS

Languages: C++, Python, SQL, Java

Web Development: React.js, Flask, FastAPI, GraphQL

Databases: MongoDB, MySQL

Cloud & DevOps: Docker, AWS, GitHub Actions (CI/CD), Linux

Tools: Git, Postman

LEADERSHIP EXPERIENCE

Lead - Cloud Community Club

- Contributed to a Tech community of 150+ members through workshops and bootcamps focused on Scripting, Deployment, AWS

Vice President - Alumni Cell

- Organized networking events, Handled alumni website data.

ACHIEVEMENTS

- **3× National-Level Hackathon Winner** (VNR-VJ, HACK-ARENA, HACKTIVATE)
- **LeetCode Top 8% Globally — 1775 rating, 500+ problems solved**
